

Colour hunt

You will need

- A4 sheet of paper
- Coloured pens/pencils

1

Use coloured pens/pencils to write the names of colours on the paper

2

Go round the house, or in the garden

3

Tick off the colours as you see something of that colour

4

If your child is older, why not ask them to write the name of the item they've found for each colour

5

Make it more difficult by asking them to count how many things of each colour they can see.
