

# DIY Birdfeeders

## You will need

- Bird Seed
- A block of lard
- An old yogurt pot
- String

1

Make a hole in the bottom of the yogurt pot

2

Thread your piece of string through the hole and tie a knot in the end

3

Mix the bird seed with some lard until it becomes a sticky lump and then push the seeds/lard into the yogurt pot, either side of the string, and pat down

4

Place in the fridge overnight to harden

5

Pull the feed out of the yogurt pot and tie to a tree branch in your garden or on a wall
